About R And H Filipina

- R And H Filipina is owned and operated by Raquel and Henry Clarke. Raquel is from the Philippines and Henry is from Canada. We live in Ontario, Canada. There is a 23 year age difference between us so don't let age be a factor. We met via the Internet November 2003. We were married in Dumaguete City, Philippines May 2004.
- R And H Filipina was started because many of our friends in the Philippines, Canada and the USA wanted to correspond with people from our countries.
- We do charge gentlemen a minimal fee for our services however it is small compared to other companies. Ladies register with us free of charge.
- We strive to publish only sincere ladies and gentlemen. Any individual (lady or gentlemen) found to be acting in an inappropriate manner will be removed from R And H Filipina. We therefore ask all ladies and gentlemen to report any such actions to us immediately.

Advise To Ladies And Gentlemen

Advice To Ladies

- Ladies, send us a recent good quality photo of you. Remember how important it is to make a good first impression.
- Be honest in your profile and tell the gentlemen what you are looking for. If you are looking for a pen pal relationship say this. If you are looking for a more serious relationship say this. Remember that honest is the best policy and it will save you time searching for that special person.
- Ladies reframe from saying " I Want". This doesn't sit well with Western Men and in all likelihood will be a turn off. A much better way to say this is " I would like". This is more polite and ladies it will get you better results.
- If a gentleman asks you if you are communicating with other gentlemen be honest with him.
- If a gentleman is acting in an inappropriate matter don't bother with him and report him to us.
- If you do not have an E-mail address get one. They are free and you will have much better results. Letters are also good but it takes much longer for snail mail to travel to the Philippines.
- If you require any assistance just drop us a quick E-mail and we will assist you in any way we can.

The above advice is based on our own personal experience. We do not hold any degrees in psychology or relationships. If something sounds wrong follow your own instincts and question it.

Advice To Gentlemen

- Gentlemen, the ladies have given you a good profile and photo of themselves. Show the ladies the same courtesy.
- Be honest in your communications to them. If you are looking for a pen pal relationship tell them. If you are looking for a more serious relationship say this. If you are divorced don't try and hide it but be honest with the ladies. This will save you time and money in the long run.
- Don't let a difference in age scare you away. There is a 23- year age difference between us. You will find that many Filipina Ladies actually prefer older gentlemen.
- Reframe from being boastful and showing yourself in a muscle shirt. This may work for ladies in the Western World but as a rule it won't work for the Filipina Lady. The majority of Filipina Ladies are down to earth, and has no time for this behavior. In all likelihood they will drop you like a hot potato. Just be simple and a little humble and you will be pleasantly surprised.
- Remember to take it slow at first with the Filipina Ladies. As a rule, the majority of Filipina Ladies are very shy until they get to know you. For all the patience and kindness you show it will be returned ten fold.
- Reframe from telling the ladies that they are from a poor country. The ladies know this and don't need to be reminded of it. They may indeed come from a poor country but the riches and kindness they hold inside their hearts will match and supersede many countries.
- If a lady is acting in an inappropriate matter don't bother with her and report her to us.
- If you require any assistance just drop us a quick E-mail and we will assist you in any way we can.

The above advice is based on our own personal experience. We do not hold any degrees in psychology or relationships. If something sounds wrong follow your own instincts and question it.
